Students in the postbaccalaureate track must complete PLAN 115 Intro to Regional and Community Planning prior to their first semester of study or demonstrate proficiency through similar previous coursework. They must also demonstrate basic proficiency in Geographic Information Systems through previous coursework and/or employment prior to enrollment.

All required courses in the Regional & Community Planning program that are counted toward the degree must be passed with a grade of C or better.

*Six credit hours of the required graduate-level professional electives shall be PLAN courses. Students may petition for an exception to this policy if there is a demonstrated academic benefit.

Courses listed in bold type represent those hours required within the graduate program. Total credit hours required for Graduate School program of study is 46.
